

## Navigating The Maze: A Guide to Funding/Grant Opportunities & Advocacy Resources is available for you to download.

The mission of Debbie Dobbs Advocacy, LLC is to advocate for children with special needs to have appropriate educational and financial resources and opportunities. Debbie guides families to educational and financial resources, answers parents' special education questions, and attends school meetings to create appropriate IEPs and 504 plans. We partner with families empowering them to help get the best outcomes for their children. Families also gain our assistance in applying for the Katie Beckett Medicaid waiver and other funding programs. Originally trained by the Georgia Advocacy Office, Debbie has continued to vigorously pursue additional trainings with the William and Mary Law School, Wrightslaw, COPAA, and NSEAI to better serve her clients. For additional information visit [www.debbiedobbs.com](http://www.debbiedobbs.com).

We compiled this free guide to assist families with gaining access to information and resources. With over 35 pages of resources, we are sure that you will find the information helpful. **You can download the document from our website at <https://www.debbiedobbs.com/free-resources>.** Once you confirm your e-mail address, it will bring you to the page to download the document. If you have already registered once with an e-mail address, it will not allow you to download the document a second time with that same e-mail address. Please e-mail the office if you need another copy.

We ask that if people want a copy of the document, that you do not e-mail them your PDF. Please provide them the link or direct them to my website so they can get their own copy. This will enable everyone that gets a copy to receive updated versions. We dislike when there are outdated versions floating around.

If you know of any other resources for us to add, please let us know so we can share the information with others.
