## What Do Parents and Families Say about P2P?

- 92% of families say they are likely to contact P2P again in the future or attend a P2P training or event.
- 82% of families report that, because of their call to P2P, they feel better able to support their child.
- 92% of families report that P2P provided them with the relevant information they needed to make decisions about their child’s education.
- “Your services were wonderful and very useful. I was better prepared for navigating the child find assessment process.”
- “The service that is provided by P2P is wonderful and extremely helpful. Not only from a knowledge point of view but I also felt emotionally supported - someone was listening and understood.”
- “We were DEVASTATED when we found ourselves in a position of NEEDING an advocate. We’ve never "needed" one. P2P helped us TREMENDOUSLY! I am inspired to take courses to become more informed to help others advocate for themselves!”
- “P2P was Awesome! Staff was so patient and helped me to understand the layers of my daughter's IEP, breaking it down and making it easy for me to understand. I didn't really understand my parental rights and that I could share some of my daughter's health issues and make this part of the IEP but after talking with P2P I was able to do this at her IEP meeting. I felt empowered and a participant in my child's IEP. Thank you for all that you guys do!”
