help others advocate for themselves!" • "P2P was Awesome! Staff was so patient and helped me to understand the layers of my daughter's IEP, breaking it down and making it easy for me to understand. I didn't really understand my parental rights and that I could share some of my daughter's health issues and make this part of the IEP but after talking with P2P I was able to do this at her IEP meeting. I felt empowered and a participant in my child's IEP. Thank you for all that you guys do!"
